4th Annual Conference of Amrita Bronchology
& Interventional Pulmonology

Venue: Le Meridién Kochi

ABIP 2024

Dear Friends,

On behalf of Amrita Hospitals, Kochi the Advanced Interventional Pulmonology unit is honored and delighted to host our 4th Annual International conference ABIP (Amrita Bronchology and Interventional Pulmonary) 2024 on May 11th & 12th at hotel Le Meridien Kochi. We feel extremely happy to invite you all to the vibrant city of Kochi, popularly known as the queen of Arabian sea.

The theme of this year's conference is **"IP AROUND THE WORLD TO INDIA TO IGNITE, INSPIRE & MAKE YOU PASSIONATE IN THE FIELD OF INTERVENTIONAL PULMONOLOGY"**.

ABIP-2024 will be hosting several renowned International & national experts in the field of Adult & Pediatric Interventional Pulmonology who will share their expertise through various focused training programs, live cases, and hands on workshops. This will also be a wonderful opportunity to personally meet the experts and try to seek ways to further skills if you are considering this in your future skill set.

This will be the first time in India that discussions & hands on workshops in both adult & pediatric Interventional pulmonary procedures will be held on the same days at simultaneous auditoriums. We will have 6 focused hands-on training programs (FTPs) on day 1 of ABIP -2024 where the delegate gets enough & more time to master his skill set in the chosen FTP.

Day 2 of the event will focus on Interactive lectures, fellowship training programs, innovations in IP & meet the experts & manufactures sessions. The 2-days program will also feature video, oral & poster presentations for the postgraduates/fellows.

Kochi has something special for every tourist: from the numerous spice markets, traditional shopping centers to backwaters & mystic houseboat cruises and beautiful beaches which offer solitude for your mind & soul. There are many aspects of Kerala due to which it can be called God's Own Country. Kerala will be among the few places in the world where you can enjoy beaches, backwaters, hill stations, houseboats, history, amusement parks, and rich culture and heritage within 400 kilometers. The variety of experiences it offers makes it stand out among all the tourist destinations in the world.

We welcome all of you to the picturesque city of Kochi in Kerala on May 11th & 12th 2024 to learn more about what is currently happening globally in the field of Interventional pulmonology.
